H-DRY 500

Long-lasting performance,  
high efficiency.

Hoover. Wash the way you live

## Discover a full care experience.

Discover the new high-technology Hoover **H-DRY 500** that guarantees **outstanding results** in terms of **performance and consumption**, **excellent care** and a **longer durability**. Also, discover its unique connectivity features via **hOn App**.

## Performance

More efficient, more reliable, more caring.

### ECO-POWER INVERTER MOTOR

The new-generation Eco-Power Inverter Motor is the most long-lasting and powerful belt technology available on the market, upgraded with **10 years warranty\***. Equipped with a special copper heat exchanger and a highly powerful compressor, it increases the air flow while ensuring an extra accurate management of the drum speed rotation.

The Brushless Motor is **4 times more durable** compared to a standard motor: reducing vibrations and frictions, it extends the machine lifespan and guarantees **maximum silence and excellent results for longer**.

### NO-WASTE EFFICIENCY

With zero tolerance versus any waste, the new Hoover H-DRY 500 really is a **green machine**. Guaranteeing the **best energy class (A+++)** and the **maximum energy consumption efficiency**, it contributes to **reduce 30 times\*\*** the GWP (Global Warming Potential) and the environmental impact caused by heat trapped in the atmosphere.

\*Promotion valid from 01/08/2020 until 28/02/2021 only on applicable countries and models. See full terms and conditions on xxxxxxxx

\*\*Compared to our competitors Heat Pump Models.

## Wellbeing

Full care and maximum efficiency

### PERFECT LAUNDRY SANITATION

H-DRY 500 is equipped with the **Active Dry** function, specifically designed to fulfill your need of hygiene and care for your family. **It removes bad smells, germs, spores and bacteria in a natural way and gently takes care of your clothes**, guaranteeing excellent results in a very short time.

### ZERO WATER WASTE

Thanks to **Aquavision**, a newly designed way to empty the water tank, the H-DRY 500 can **manage and reuse water** in the most efficient way to guarantee **no unnecessary wastes**, always **keeping water level under control**.

## COMPLETE SET OF 9 CARING CYCLES

### Fitness

Maximum protection for sport clothes and synthetic fibers.

### Soft care

Full care and nourishment for delicate garments and wool.

### Fresh care

Gentle refreshment cycle.

### Allergy care

Anti-allergic action drying cycle.

### Care 30-45-59 mins

Quick effective dry with no waste of energy.

### All in one

### Auto Care

Auto adapting cycle to the typology and quantity of load.

# Trust

## UNIQUE CONNECTIVITY

Enhance your drying experience with the new hOn App:

- Check the status of your dryer **remotely**
- Get **real-time consumption** data during drying cycles
- Get **maintenance data and tips**
- Get **suggestions** to optimize drying results and take care of clothes.

## SCAN TO CARE\*

Scan the labels to create your virtual wardrobe.

The App will suggest the best programme to take care of your garments:

1. take a picture of your garment
2. scan the internal label
3. cut the labels off your clothes
4. the hOn App collects and stores all your clothes washing instructions, suggesting the right cycle.

Download the new hOn App and enhance your washing performance.
