# Highlights

### **Full body grooming**

Designed to be safe and comfortable for underarms, chest & abs, shoulders, groin area and legs. The skin friendly shaver catches and cuts hairs of different lengths, without the need for multiple tools or skin contact with sharp edges.

#### Skin-friendly shaver

The shaver head features patented rounded tips and a hypo-allergenic foil to protect your skin while shaving. The bi-directional trimmers cut longer hairs, which are shaved by the foil for a closer result.

#### **Bi-directional body comb**

1 comb included for a natural 3mm trim. Attach the comb onto the shaving system, to trim hair to a fixed length of 3mm. You can use the shaving system without the comb, for a closer result. For thicker hair, pre-trimming with the comb is recommended.

#### Rechargeable battery power

High-power rechargeable battery for full body use, with 50 minutes of cordless use after an 8-hour charge. The battery light indicates power status, when the battery is low or full.

### 100% Showerproof

Provides a comfortable and close result in or out of the shower. The body groomer is fully water-resistant, so you can simply rinse it clean when you've finished. For longer hair, trimming performance may be better on dry hair.

### **Ergonomic grip**

The rubber grip is designed to ensure optimal handling even when wet, for better control during use, in or out of the shower.

#### **Built to last**

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility, and they never need to be oiled.
