S1131/41

Clean shave, Without fuss

Philips Shaver Series 1000 gives you an easy and convenient shave at an accessible price with self-sharpening PowerCut blades, and full washability.

A comfortable shave

- PowerCut Blades are engineered for a consistent clean shave
- 4D Flex Heads follow your face's contours for a clean shave
- 27 self-sharpening blades ensure a consistent, clean shave

Easy to use

- One-touch open for easy cleaning
- Corded and cordless use
- 40 minutes of cordless shaving from an 8-hour charge
- 1-level battery indicator to get the best from the shaver
- Ergonomic grip for convenient handling
- IPX7 water-resistant for easy cleaning
- Protection cap keeps the shaving head clean between shaves

Highlights

PowerCut Blades

Experience consistent shaving results with self-sharpening blades that are precision-engineered for a convenient clean shave.

One-touch open

Clean the shaver with ease. At the touch of a button, flip open the shaver head and rinse with water.

Corded and cordless use

Shave exactly when you want with the shaver that's ready when you are. Use cordlessly or plug it in to shave when the battery is empty.

4D Flex Heads

Experience a convenient clean shave with heads that flex and float in 4 directions. The head adjusts to the curves of your face, ensuring smooth contact with your skin without a lot of pressure.

40 minutes of cordless shaving

Shave cordlessly for up to 40 minutes after an 8-hour charge. Or shave with the power cord plugged in when the battery is empty.

1-level battery indicator

Use the intuitive indicator to see when the shaver battery is low, empty or fully charged.

27 self-sharpening blades

Get a consistently clean shave every time with 27 self-sharpening precision-engineered blades.

Ergonomic design

Confidently handle your shaver with the ergonomic design that helps you keep a secure grip as you shave.

IPX7 water-resistant

Easily clean under the tap, with the IPX7 water-resistant shaver. The IPX7 rating means that the shaver can be submerged in 1 meter of water for up to 30 minutes.
