Glass kettle

Series 5000

1.7 L

Removable lid

Blue light indicator

HD9339/80

Modern design, made to last

Durable crystal clear glass with sensor light

Our family-size 1.7L glass kettle features a modern design with intuitive blue light indicator inside the base to inform you when the kettle is on.

Fast, safe boiling

- Flat heating element for fast boiling
- Micro-mesh filter captures tiny limescale particles
- Multi safety system against boil-dry

Simple to fill, use and clean

- Blue light indicator
- Easy-to-read water level indicator
- One cup indicator to boil only the water you need
- Removable lid for easy reach during cleaning
- Easy refilling through lid or spout
- Cordless kettle with 360° pirouette base
- Cord winder for easy adjustment and storage

Highlights

Flat heating element

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Water level indicator

The water level is easy to read with an indicator located on both sides of the kettle.

Cordless + 360° pirouette base

The cordless kettle sits on a 360° pirouette base for easy lifting and replacing.

Micro-mesh filter

A removable micro-mesh filter on the spout captures tiny limescale particles as small as 200 microns to ensure a clear cup.

One cup indicator

Enabling consumers to boil the amount of water they need, and therefore saving up energy and water, contributing to a better environment.

Hidden cord winder

The cord can be wrapped underneath the base, so it's the right length for any kitchen and easily stored away.

Multi safety system

Multi safety system against boil-dry, with auto-switch off when the water is ready.

Removable lid

Fully removable lid for easy reach during cleaning.

Blue light indicator

Elegant and intuitive sensor light is built into the clear glass base to show you when the kettle is on.

Easy refilling

The kettle can be filled through the spout or by opening the removable lid.

Specifications

General specifications
