Title:

Black+Decker – BXSA750E. Sandwich toaster with grill plates suitable for sandwiches and rolls. 750W. 21.5 x 12.5 cm plates with non-stick coating. Product ready pilot indicator light. Fingerprint-proof finish

Description:

Make delicious sandwiches, paninis and rolls with the BXSA750E sandwich toaster from Black + Decker. Thanks to its 21.5 x 12.5 cm grill plates you will be able to toast and brown all types of bread. Enjoy crunchier and tastier snacks in a few minutes with the BXSA750E sandwich toaster.

The plates of the sandwich toaster have a non-stick coating that ensures pieces of food don't stick to the surface. In addition, this finish will facilitate cleaning the plates, since a damp cloth will be sufficient to get the plates clean and looking brand new.

At the top of the sandwich toaster there is a temperature traffic light that will guide you in the cooking process. If the pilot light is red, it shows that the sandwich toaster is heating up. And when the pilot light turns green, it means the sandwich toaster is ready and the plates are hot enough to toast. Its 750W of power will speed up the heating time so you can enjoy your sandwiches as fast as possible.

Its compact design of 23 x 23 x 8.5 cm will enable you to store sandwich toaster it anywhere, you will also be able to store it vertically. The base of the sandwich toaster has non-slip feet to guarantee maximum stability and safety during the cooking process. Its fingerprint-proof finish will ensure the BXSA750E sandwich toaster stays looking food and clean at all times.
