

Sandwich toaster

**BXSA751E**

Product code: ES9680070B

EAN Code: 8432406680074

**Title:**

Black+Decker – BXSA751E. Sandwich toaster with 2 square plates to make 2 sandwiches at once. Perfect seal. 750W. 21.5 x 12.5 cm plates with non-stick coating. Product ready pilot indicator light. Fingerprint-proof finish.

**Description:**

Enjoy the best sandwiches, perfectly sealed, square and without partitions with the BXSA751E sandwich toaster from Black + Decker. The plates of the sandwich toaster are 21.5x12.5cm and it incorporates indicator lights.

Get a sandwich with a more than perfect seal with the sandwich toaster with totally square plates from Black+Decker. Make sandwiches with cheese, lettuce, ham, tomato or whatever you like, nothing gets the better of it. Its 750W of power will keep waiting time to a minimum so you can enjoy your sandwiches as fast as possible.

The surface of the sandwich toaster's plates is non-stick to prevent pieces of food from sticking to them. In addition, the non-stick finish makes the cleaning process quicker and easier. To clean it, a damp cloth is sufficient.

At the top of the sandwich toaster there are two pilot lights that will tell you the status of the plates to be able to cook. The red pilot light shows the plates still haven't reached the appropriate temperature. When the green pilot light illuminates, it means you can put the sandwich/es on to cook. Thanks to its high power, you will get results in a few minutes.

Its compact design of 23 x 23 x 8.5 cm will enable you to store it anywhere, even vertically. It has non-slip feet which provide extra stability to the sandwich toaster. Its fingerprint-proof finish will ensure the BXSA751E sandwich toaster stays looking food and clean at all times.

**Main selling points:**

- **SANDWICH TOASTER WITH SQUARE PLATES.** Sandwiches with the perfect seal thanks to the square shape of the plates. Sandwiches with tomato, cheese, lettuce, ham, etc, perfectly sealed.
- **NON-STICK PLATES.** 21.5 x 12.5 cm plates with non-stick coating which prevent food from sticking to them and facilitate cleaning. A damp cloth is sufficient.
- **TRAFFIC LIGHT TEMPERATURE INDICATOR.** It has pilot indicator lights that indicate when it has reached the ideal temperature and you can start to toast and seal the sandwiches.
- **NON-SLIP FEET.** It has non-slip feet which provide extra stability to the sandwich toaster.
- **EASY STORAGE.** Compact design of 23 x 23 x 8.5 cm and possibility of vertical storage.

**Uses:**

- Make all types of hot and crunchy sandwiches
