700 SenseBoil Induction Full Hob

EIS62453

We watch water boil, you dish up delicious
The 700 SenseBoil® Induction Hob looks after your boiling water. It automatically adjusts the temperature settings by assessing when the water is near boiling point, and reduces the rising bubbles to a steady simmer. So you can concentrate on making delicious dishes instead of watching water boil.

Product Benefits & Features

Boiling water, under control with the Boil Sensor
The Boil Sensor detects when the water in your pan reaches boiling point. The boil-to-simmer function automatically adjusts the temperature to reduce those rising bubbles to a controlled simmer. Giving you more time to create other dishes.

Hob2Hood® for pure convenience
The Hob2Hood® function wirelessly connects your hob to your hood. Start cooking, and the hood will automatically adjust the settings, providing the best extraction based on the power selected on the hob. It does the hard work for you.

Full flexibility with the 4 Individual Zone Controls
The Individual Zone Controls give you full control when preparing your favourite meal. Easily navigate the different settings – from activating the child lock and setting timers to using the PowerBoost function to quickly cook your dish.

Intense heat, in an instant with PowerBoost
Activate the PowerBoost function for an instant burst of heat during cooking. It's ideal for getting dishes ready faster. You can boil water quicker than ever before, and get pans ready for searing when you need them.

Every zone individually timed
Cooking multiple dishes can be complex, but setting timers shouldn't be. Set individual timers for each cooking zone, and when the timer's finished the hob automatically shuts off. It's smart assistance so every meal comes together with ease.

- Hob type: Induction
- Hob with bevelled frame
- Touch-control
- Controls position: Front Right
- Illuminated controls
- Digital indications for each zone
- Induction zones with power booster function
- Pot detection
- Left front zone: Induction, 2300/3200W/210mm
- Left rear zone: Induction, 2300/3200W/210mm
- Middle front zone: No, 0W/0mm
- Middle rear zone: No, 0W/0mm
- Right front zone: Induction, 1400/2500W/145mm
- Right rear zone: Induction, 1800/2800W/180mm
- Key-lock function
- Child safety lock function
- Acoustic signal with switch off option
- EcoTimer™
- Timer function
- CleverHeat™ function
- Easy installation thanks to snap-in system
- Main colour: Black
