

The fastest way to flavour

Get your hob hotter, faster with the 300 Induction Hob. With no gas to ignite or coils to pre-heat, cooking zones reaches high temperatures quickly, so water boils faster than ever. And it responds instantly when you lower the heat, giving you total control.

Product Benefits & Features

Easy, fast and safe - Induction

Induction technology means that heat is delivered quickly and to precisely the right spot, meaning the surrounding areas remain cool and safe. It also reacts instantly to temperature changes. And the smooth surface makes it easy to clean.

Hob2Hood® for pure convenience

The Hob2Hood® function wirelessly connects your hob to your hood. Start cooking, and the hood will automatically adjust the settings, providing the best extraction based on the power selected on the hob. It does the hard work for you.

Direct touch control for every zone

Easily adjust your hob's temperature settings with our direct touch controls. Each cooking zone has an individual power control, so it's clear to see and simple to change the heat settings. And as it's one smooth surface, it's easy to clean.

Intense heat, in an instant with PowerBoost

Activate the PowerBoost function for an instant burst of heat during cooking. It's ideal for getting dishes ready faster. You can boil water quicker than ever before, and get pans ready for searing when you need them.

Effortlessly time every step of your recipe

The adjustable timer helps you to follow the cooking process effortlessly. It can be set up to one hour, and gives you an accurate reminder of your cooking time. It turns the selected cooking zone off when the time has elapsed and doubles as a minute minder when you're not using the hob.

- Hob type: Induction
- Hob with bevelled frame
- Direct Access: sliding touch control technology
- Controls position: Front Middle
- Illuminated controls
- Digital indications for each zone
- Induction zones with power booster function
- Pot detection
- Left front zone: Induction, 2300/3200W/210mm
- Left rear zone: Induction, 2300/3200W/210mm
- Middle front zone: No, 0W/0mm
- Middle rear zone: No, 0W/0mm
- Right front zone: Induction, 2300/3200W/210mm
- Right rear zone: Induction, 2300/3200W/210mm
- Automatic fast heating up
- Key-lock function
- Child safety lock function
- Automatic safety switch off
- Acoustic signal with switch off option
- CountUp Timer
- EcoTimer™
- Timer function
- CleverHeat™ function
- Easy installation thanks to snap-in system
- Main colour: Black

Product Specification

Installation type	Built_In	Depth, mm	520
Product Typology	Electric_Hob	Built in height, mm	44
Product Classification	Statement	Width cutting, mm	750
Installation	Independent	Depth cutting, mm	490
Size, cm	80	Radius cutting, mm	5
Hob type	Induction Full	Fastening	Snap in System
Design family	Electrolux 100	Gas original	No
Main colour	Black	Gas replacement 2	No
Control Panel material	No	Gas replacement 3	No
Frame type	Bevelled 1 Side	Gas category	No
Frame material	No	Frequency, Hz	50-60
Control knob colours	No	Volt, V	220-240/400V2N
Control position	Front Middle		
Control type	Kite		
Control function	3 step residual heat, Acoustic signal, Automatic heating-up, Booster, Child-lock, Count up timer, Eco timer, Flexible Powermanagement, Hob-hood connection, Key-lock function, Minute minder, Pause, Sound off, Timer		
Other comments design	windmill		
Other comments categorisation	ref.949 596 772, MID RANGE, windmill, NO CONNECT FUNCTION		
Width, mm	780
