

### Your everyday, washed with care

Our PerfectCare 600 slim washing machine with SensiCare System adjusts the length of the programme to the size of the load, using less energy and water and preventing garments from being washed for too long. Enabling the most economical cycles for even your smallest loads; its slim design saving you space without compromising on

## Product Benefits & Features

### Fabrics look like new for twice as long\*

Our SensiCare system automatically adjusts the programme's settings to suit the size of the load. Smart sensors reduce the time, water and energy used, meaning even small loads are washed with precision. For an effective clean without any risk of wear and tear.

### Every fibre reached, every item softer

Our SoftPlus Option pre-soaks and distributes clothing evenly. Ensuring every fibre is reached and that every item in the load feels soft and smells fresh for longer.

\*Test of colour fastness performed by Ritex. Test no. 15CR00099 in December 2015.

### Steam Anti-Allergy Programme removes 99,99% of bacteria and viruses\*

The Steam Anti-Allergy Programme, certified by Swissatest, combines a wash cycle and steam to remove more than 99,99% of bacteria and viruses\* above 60°C. Pollen and allergens are also reduced for hygienically clean clothes after every wash.

### Less energy, more time

Our Eco TimeManager let you adjust the length of the wash cycle to the time you have available. Saving you both time and energy with absolutely no compromise on the thorough wash your clothes receive.

\* Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swissatest Testmaterialien AG in 2021 (Test Report No. 202120117)

### Big on clothing care, slim in size

Keep your clothes looking and feeling sensational with the slim washing machine from Electrolux. Its flexible design saves you space, fitting into areas too small for standard-sized appliances. And with no compromise on care, you still enjoy great results, every time you clean your favourites.

- Energy efficiency class B
- Maximum spin speed: 1000 rpm
- Washing capacity: 7 kg
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Washing programs: Eco 40-60, Cottons, Synthetics, Delicates, Rapid 14Min, Rinse, Spin/Drain, Anti Allergy Vapour, Duvet, Silk, Wool, Sport, Outdoor, Denim
- Delay start option
- Anti-foam rinse system
- Child lock
- Feet: 4 adjustable feet
- Anti-flood protection
