

#### Optimised washing with load-sensing technology

The 600 SensiCare Washing Machine detects load size, adjusting time, water and energy for each individual load, from one kilo to a full load.

### Product Benefits & Features

#### SensiCare - save up to 30% of time, water and energy with load-sensing technology\*

SensiCare is a load-sensing technology that detects load size and adjusts the programme in order to save up to 30% of time, water and energy per load.\* This ensures precise and tailored washing for every garment.

\*Based on internal test of time, water and energy consumption of a 1kg load compared to max load in Cotton cycle 30°C using SensiCare which adjusts the programme based on load size.

#### Reduce washing time with Time Manager®

Don't wash longer than you need to. Wash your clothes with the adjustable 4-step Time Manager® feature and finish washing cycles in less time.

#### Steam Hygiene Programme removes 99,99% of bacteria and viruses\*

The Steam Hygiene Programme, certified by Swisstatest, combines a wash cycle and steam to remove more than 99,99% of bacteria and viruses\* above 60°C. Pollen and allergens are also reduced for hygienically clean clothes after every wash.

\* Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swisstatest Testmaterialien AG in 2021 (Test Report No. 202120117)

#### Rapid washing, for quick results

1. The Rapid programme lets you quick-wash your clothes for light cleaning. Take care of 3kg of laundry in just 20 minutes.

#### Inverter Motor+ is energy efficient and durable

The Inverter Motor+ is more energy efficient than standard Inverter motors thanks to the permanent magnet motor technology.

- Energy efficiency class A
- Maximum spin speed: 1400 rpm
- Washing capacity: 10 kg
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Washing programs: Cottons, Synthetics, Delicates, Wool, Rapid 20 Min, Rinse, Spin/Drain, Jeans, Sport, Silk, Duvet, Outdoor, Hygiene, Eco 40-60
- Anti-foam rinse system
- Child lock
- Feet: 4 adjustable feet
- Anti-flood protection

**Product Specification**

Installation type	Free_Standing	Indicators other	PREWASH, STAIN, EXTRA RINSE, SILENT, EASY IRON, DELAY, TIME MANAGER, START/PAUSE
Product Typology	Front_Loaded_Full_Size	Display type	Large white LED
Installation	FS	Height, mm	847
Washing technology	Eco valve	Width, mm	597
Rinse system	Anti-foam system	Depth, mm	636
Cabinet type of	HEC 60	Cabinet material	Steel
Design family	IndigoCore	Tub material	Carboran
Design level	E3	Drum volume, l	68.6
Main colour	White	Full load washing capacity, kg	10
Panel colour	White	Thermostat type of	Electronic
Front door	E Full Dark Grey	Inlet hose type	Standard cold
Porthole type of	E Full Dark Grey		
Push button functions	ON/OFF, TEMP SELECTION, SPIN SELECTION, PREWASH, STAIN, EXTRA RINSE, SILENT, EASY IRON, DELAY, TIME MANAGER, START/PAUSE		
Push button, number of	10		
Knob/Command func.	Program		
Knob/Command func., number of	yes		
Program list	Cottons, Synthetics, Delicates, Wool, Rapid 20 Min, Rinse, Spin/Drain, Jeans, Sport, Silk, Duvet, Outdoor, Hygiene, Eco 40-60		
Indicator program	LED		
Indicators display	Large white LED
