

Store wine in even the smallest kitchen

Experience speciality wine storage in even the smallest kitchen with the compact 900 Wine Cellar. It stores up to 18 bottles between 5°C and 20°C, depending on your needs. Making sure that every glass you pour, swirl and savour is at the right temperature when you want it.

Product Benefits & Features

Wine cellar, always cools to perfection

Keep wine at the ideal temperature in our wine cellar, for a delicious glass every time. It's simple to choose a temperature between 5°C and 20 °C, so you can control the exact temperature you'd like your wine to be.

18 bottles, 1 wine cellar

Forget running out of space in the fridge to store wine for a dinner party. Our wine cellar has space for you to store up to 18 bottles at a time.

Fit any sized wine bottle in our cellar

This wine cellar accommodates even huge bottles, from magnums of champagne to prosecco. Designed for absolute flexibility, the shelves can store a variety of shapes and sizes. You'll always have a space for your favourite drink.

The wine cellar that seamlessly integrates

Our wine cellar fits seamlessly into even small kitchens. The compact design, with no protruding handles, means that it sits flush next to other appliances. And because it was created to complement the complete range, it looks great in every space.
