

Your dishes, consistently delicious

With the 600 SurroundCook® Oven, everything from crisp roast chicken to delicate meringues are cooked evenly. Our oven makes sure the internal temperature is consistent throughout, as the fan circulates air and heat. So you no longer need to turn dishes or adjust trays.

Product Benefits & Features

Evenly cooked with Multilevel cooking

Enjoy even cooking with Multilevel cooking. The additional heating ring means you can cook evenly across three levels. Perfect for creating the fudgiest cookies and sumptuous pies.

Easy cleaning with AquaClean

Cleaning after cooking doesn't need to be a chore - our oven cleans by harnessing the power of humidity. AquaClean evaporates the water at the bottom of the oven and steam loosens otherwise stubborn grease and residue left on its surfaces. So you can easily achieve a natural clean.

Precise settings with our LED timer display

It's easy to keep track of your dishes with our LED timer display. Letting you set exact cooking times and monitor dishes as they cook. It gives you effortless oven control. So you can focus on unleashing your culinary creativity.

Quick and effective, Even Cooking

Our Even Cooking system circulates heat throughout the oven, making sure everything is cooked evenly. All without the need to turn your dish. Our technology means your oven heats up faster saving you time and energy.

Bake more at once with the XL Baking Tray

Expand the realms of deliciousness with our XL Baking Tray that lets you to cook more at once. It's time to perfect fluffy cupcakes for a mid-afternoon treat or a savoury meatloaf for friends. Because more room means more great recipes.
