

Keeps food juicy and hydrated

600 TwinTech® No Frost fridge-freezer protects flavours in every ingredient. It's dual cooling system ensures the freezer stays frost-free and humidity in the fridge is optimal preventing the food from drying out.

Product Benefits & Features

TwinTech® No Frost - food kept hydrated and juicy

TwinTech® No Frost has an advanced dual cooling system for the fridge and freezer. This technology ensures the freezer stays frost-free and the fridge humidity optimal, preventing the food from drying out.

A game changer – unique fridge-freezer with recycled plastic

We're proudly introducing our unique fridge-freezer with an inner lining made of 70% recycled plastic. Plastic from discarded fridges is used to make new ones, helping reduce waste through circularity.

*Inner liner rHIPS made with up to 70% recycled plastic representing 13% of total fridge plastic"

Ultimate storage flexibility with MultiSpace

The MultiSpace fridge is taller than standard designs, giving you more room to store ingredients. Multiple storage solutions allow you to customise the space to suit your needs for improved flexibility and organisation designed around you.

Prevent dry or accidentally frozen food with Multiflow

Food is kept at its best with MultiFlow, which maintains stable temperature and humidity throughout your fridge, protecting ingredients from drying out – or freezing against the back wall. Food stays delicious, until your next shop.

Adjustable storage with CustomFlex®

CustomFlex® gives you the freedom to customise your fridge space. The door interior has movable bins in different sizes, so you can adapt the space to suit your needs. The bins are even detachable, so you can remove them from the fridge for easy access.

- Energy efficiency class: E
- For fully integrated, slide door installation
- Net capacity freezing compartment: 61 l
- Net capacity refrigeration compartment: 192 l
- Automatic defrosting of the freezer compartment
- Automatic defrosting of the cooling compartment
- Fast Freeze function with auto return to normal settings
- Audible and visible warning signal for open door
- Electronic touch controls with digital indications
- Refrigerator lighting: Luna – 1 top
- Refrigerator shelves: 3 Full Width + 1 FlexiShelf, White Plastic
- Freezer shelves: 2, Full Width, Glass
- Freezer drawers: 3 Full Width, Frosted Plastic
- Special refrigerator drawers: White Plastic
- Door hinges placement: Right & Reversible
- 1894 mm built-in height
- Fridge freezer colour/design: White
