

Great Blending at hand

Create everyday delicious blending with the TruFlow® technology. The Create 3 hand blender gives you power, comfort and great mix. Your go-to kitchen appliance.

Product Benefits & Features

Optimal Blending with TruFlow® technology

The Truflow® technology with unique mixing foot and optimized blade design blends ingredients with precision - resulting in tasty, perfectly blended results.

400W Powerful Motor

The powerful motor gives you the opportunity to create soups, batters, pesto and sauces easily – with smooth and delicious results for you and the family.

Turbo function for instant power boost

Turbo button gives direct access to full power of the 400W, resulting in quick and smooth mix. Use this function when you want to save time, or at the end of the mixing.

Large 600ml blending beaker

Includes a large 600ml beaker to easily and conveniently mix your ingredients. The beaker's unique shape is designed to achieve great blending results and avoid splashing.

BPA free

Designed with BPA-free parts, the Create 3 hand blender is suitable for blending a variety of recipes, even healthy baby food.
