

**The perfect temperature for green or black tea**

Extract the full flavour of your favourite tea by using the precise temperature. The Create 5 Kettle features the SelectPRO™ System, which allows you to choose the optimum temperature for perfect brewing.

**Product Benefits & Features****Precise temperature control for optimal brewing**

Make tea and coffee at the optimal temperature with precise temperature control. Whether it's green tea at 80°C or coffee at 95°C, the kettle will automatically stop heating when it reaches the temperature you've selected.

**Temperature maintained for 40 minutes with keep warm function**

Your chosen temperature will be maintained for up to 40 minutes with the keep warm function. The element concealed in the kettle's base will activate every time the temperature drops by 4°C. For constant brewing or melting until the ideal result is achieved.

**Turbo function for fast boiling**

The turbo function boils a 235ml cup of water in 55 seconds and saves up to 70% energy.

**Easy handling with cord storage feature**

The cord storage feature, that comes as standard, makes handling and storage easy.

**Removable scale filter for easy cleaning**

The removable scale filter is easy to clean, ensuring that your water is as pure as possible for better beverages.

- 360° swivel base
- Capacity: 1,7 liter
- Rated power - 2400 Watt

Product Specification

Power W	2400
