- Optimal Freshness
- Easy to use
- Pack of 3 filters

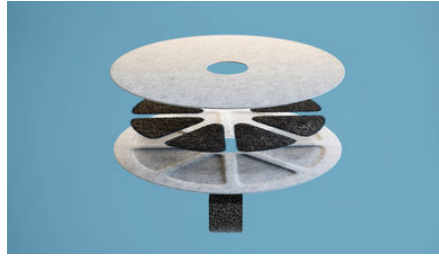

Highlights

Water Fountain Filters

Introducing our advanced filter, tailored for the Philips Pet Series Water Fountain and to ensure that your cat stays hydrated and healthy

Multi-Layer Filtration

With activated carbon and ion exchange technology, it guarantees fresh, clean water for your furry friend

Optimal Freshness

To keep your cat's water fresh, it's essential to replace the filters regularly. We suggest changing them every 30 days to maintain optimal freshness and purity

Easy to use

Before placing the filter in your Water Fountain for the first time, give it a gentle soak in room-temperature water for about 10 minutes. This helps activate the filtering properties

Pack of 3 filters

Each pack contains three filters, so you'll have more than enough to keep your cat's water dispenser running smoothly for a while
