- Variable speed plus Pulse put you in control
- Effortless cleaning at the touch of a button
- Detachable blades for easy cleanup
- Dishwasher-safe parts
- HomeID app for all the inspiration you need

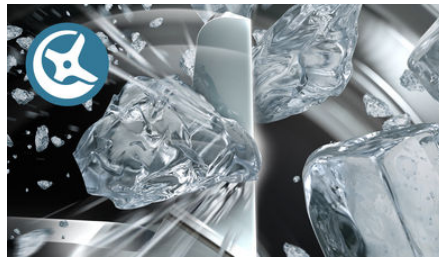

Highlights

1200 W ProBlend Plus motor

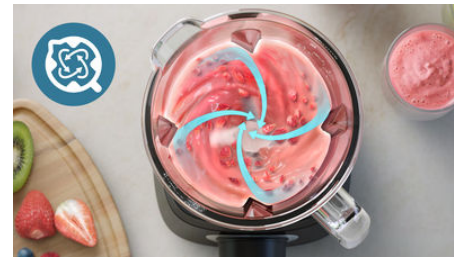

20% more power* makes velvety smooth drinks, soups, and sauces from even the hardest ingredients, like frozen fruit, ice, and nuts.

New ProBlend Plus blades

Extended blades are longer and thicker to crush and blend even the hardest ingredients.

ProBlend Plus ribbed glass jar

Ribs in the glass guide your ingredients into the vortex for optimal circulation and ideal results.

Thick frozen-fruit smoothies

Make velvety smoothies and smoothie bowls from frozen fruit with little or no liquid needed. Use the tamper to push ingredients down and keep them circulating until you reach the perfect consistency.

2-liter capacity

Large 2-liter jar with a 1.5-liter working capacity makes smoothies for the whole family in one healthy, delicious batch.

Variable speed plus Pulse

Dial your speed up or down with variable speed control. Or use the Pulse feature for extra bursts of power when you need it.

Effortless cleaning

The one-touch automatic program cleans your jar effortlessly with warm water and a drop of dishwashing liquid. All removable parts are dishwasher safe.

Detachable blades

Separate the blade unit from the blending jar to wash by hand or in the dishwasher.

Dishwasher-safe

All detachable parts of your Philips blender are dishwasher safe.

Specifications

General Specification

Primary Material: Plastic
Secondary Material: Metal
Pre-programmed settings: Yes
Functions: blending
Product Type: Blender
