# Highlights

## Powerful cooling range

Experience refreshing airflow that extends up to 30 meters, ensuring a pleasant breeze throughout the room. Whether near or far, enjoy consistent cooling wherever you are.

## Ample airflow stream

With a cooling capacity of 3330 m<sup>3</sup>/h, this fan quickly circulates air to eliminate stagnation, ensuring fresh, comfortable airflow that reaches every corner of your space.

## Quiet cooling

Designed for peaceful environments, this fan operates at a gentle 38dB—equivalent to the sound of light rainfall. Perfect for work, reading, or sleep, it provides a calm and undisturbed atmosphere.

## Adjustable speed settings

Customize your airflow with 3 speed settings, ranging from a gentle breeze to a powerful airflow. Easily adjust settings from anywhere in the room using the included remote control.

## Aromatherapy add-on

Enhance the cooling experience by infusing the breeze with your favourite essential oils, creating a soothing and rejuvenating sensory atmosphere. The optional aroma-diffuser add-on allows you to create the perfect ambiance for relaxation and well-being (1).

## Timer

The built-in timer function allows you to set the fan to turn off automatically, helping you save energy and ensuring comfort without the need for manual adjustments.

## Rotation and tilting

Ensure optimal air circulation with 80° rotation and a 30° tilting head, allowing the breeze to evenly distribute throughout your space.

## Height adjustable

Easily adjust the fan height between 112 cm and 131 cm to direct airflow precisely where needed, whether you're sitting, standing, or lying down.

## Built to last

With over 80 years of air care expertise, Philips conducts 110+ rigorous quality tests to ensure durability and high performance, season after season.
