# Highlights

## Strong airflow, instant relief

With a cooling capacity up to 2000 m<sup>3</sup>/h and 5 blades, this fan delivers intense airflow that eliminates stagnant air, filling your space with refreshing air for all-day comfort.

## Quiet cooling

Operating at a subtle 35 dB(A) (1)—comparable to a peaceful bedroom at night—this fan delivers powerful cooling while maintaining a calm, undisturbed environment, perfect for sleep, work, or reading.

## Long-distance breeze

Experience refreshing airflow that extends up to 30 m, ensuring a pleasant breeze throughout the room. Whether near or far, enjoy consistent cooling wherever you are.

## 3 speed settings

Customize your comfort with 3 adjustable speed settings—ranging from a gentle breeze to powerful airflow. Effortlessly tailor the cooling to suit your needs with a simple turn of the knob.

## Automatic rotation & tilting

Enjoy optimal air circulation with automatic 80° rotation and a 30° tilting head, designed to deliver a refreshing breeze throughout the entire room.

## Built to last

With over 80 years of air care expertise, Philips conducts 110+ rigorous quality tests to ensure durability and high performance, season after season—all backed by a 2-year warranty for your peace of mind.

## XL Base for enhanced stability

The extra-large base provides added stability, minimizing wobbling even at higher speeds for a safer and more reliable cooling experience.

## Designed for your home

A sleek, durable design that complements any interior—built to last and made to belong, with a 35 cm head diameter.

## Energy-efficient cooling

Operating at just 35W, this fan consumes 70 times less energy than a standard portable air conditioner—helping you stay cool while dramatically reducing energy use and costs.
