

GAS KITCHEN | DOLCEVITA 60 | NERO MATT | RNM66MFT/CI | LOFRA

HEATING PLATE

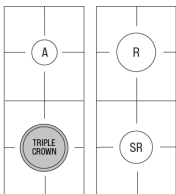

- finish satin stainless steel with protection against scratches to increase its resistance and facilitate cleaning
- 4 valve gas burners Series III, including 1 high-power triple burner, ideal for very fast cooking, providing professional results through complete heating from the inside to the edges of pots and pans
- new Sabaf Series III burners have extraordinary properties that make them unmatched in the world: the highest level of efficiency and emissions reduced to a minimum
- a natural gas nozzle fitted as standard (optional PB nozzle on customer's request)
- electronic switch integrated with the knob
- Gas-Stop protection - all kitchens meet CEE safety standards, and each burner is equipped with the Gas-Stop system, which immediately blocks the gas supply in case the flame goes out
- cast iron grate - unchanged over time and practical to clean. Recommended for frequent and intensive use of the hob
- ergonomic and elegant, athermal thanks to an innovative control panel adjusted to the entire device, which guarantees maximum protection against heat and steam after opening the oven
- The hob of each Lofra kitchen is made of one element. The goal is to avoid seams and gaps where dirt can easily accumulate and are more difficult to remove

OVEN

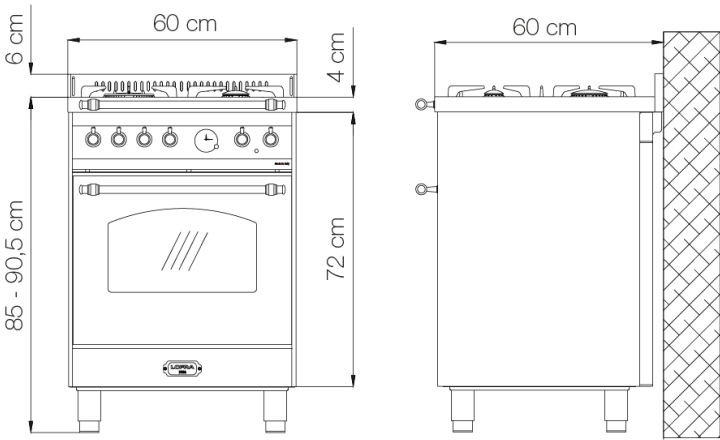

- multifunction, electric with 9 programs
- capacity: 72l - Lofra ovens have a large internal space to be able to easily fit large-sized dishes
- maximum cooking temperature: 270°C
- internal dimensions: 47,9 x 40 x 37 cm

- rotisserie – ensures even cooking of the food
 - electric grill – a classic grill with electric resistance necessary for grilling in accordance with the confidence and efficiency of the Lofra tradition
 - hot air – temperature stability is ensured by the fan. Optimal solution for dishes for which uniform heat supply and constant temperature are needed
 - the timer for cooking on and off
 - oven door with 3 glass layers, 2 of which are mirrored for less heat loss
 - retractable guides
 - easy to clean enamel – special enamel with high glass content. This solution does not allow dirt to settle on the surface of the oven, making cleaning and removing greasy marks easy
 - inside cooling fan
-
- adjustable feet in height and depth – internal threading of the feet allows you to adjust the height up to a millimeter to obtain the best stability even on irregular surfaces
